This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE.

The Registers of Huggate commence in the year 1539 and, to the year 1812, are contained in five volumes.

Volumes I and II have been bound together of recent years, and measure 14 ins. long by 9 ins. wide. The leaves are of parchment.

Volume I contains Baptisms, 1539 to 1627, and Marriages and Burials, 1539 to 1626. The manner of making the entries in this volume has been to divide the page into two columns, and to keep each class of entry, whether Baptism, Burial, or Marriage, in its own column throughout. The transcription and printing have followed the Register page by page, thus avoiding the possibility of any omission, which might otherwise have occurred if each class of entry had been taken separately.

Volume II begins in 1708 and ends in 1787 for the Baptisms and Burials, and in 1751 for the Marriages. There is thus a break of some eighty-two years between the two volumes, probably an entire Register being lost. That this loss is not of recent date is proved by the Return made to Parliament in 1831, where, on page 379, it is stated that "No Register, 1625 to 1708, can be found."

Volume III is of paper, and measures 15 ins. long by 9½ ins. wide, and consists of thirty-five used pages, the remainder being blank, and contains Banns and Marriages only, from 1755 to 1812, in the usual printed form.

Volume IV measures 17 ins. long by 12½ ins. wide, and contains only seven pages that are used for entries, four at the beginning, Baptisms, 1789 to 1798, and three at the end, Burials, 1788 to 1798. On one page is a history

of the parish with a list of early Rectors, which is incorporated in this Preface. The remainder of the pages are blank.

Volume V measures 15 in. long by 9½ ins. wide, and consists of paper leaves bound in parchment. Baptisms from 1798 to 1812, occupy thirty pages at one end, and Burials, from 1799 to 1812, occupy eighteen pages at the other end. The remainder of the book is blank.

On page 7 of Vol. IV of the Registers is the following short history of the parish of Huggate, and a list of Rectors to 1465. Others of more recent date have been added to bring it down to the present time.

Vol. IV, page 7. Huggate or Hugget Church (St Mary) in the Archdeaconry of the East Riding and Deanry of Harthill and Hull.

In the Town of Hugate the Lord Mauley held 17 Carucates, whereof 16 Carucates made a Knight's fee, and of these the Prior of Ellerton held one Caruc: and a half of German Hay. And the Prior of Wartre 6 oxgangs of the said German. Also the Prior of St Andrews York 5½ oxgangs of the said German. And the Prior of Watton 2 oxgangs of him. And St John of Beverley two oxgangs. And the residue were held by the said German Hay. Likewise the Barons of Graystock held in Hugate 10 Carucates which the Prior of Watton and his Tenants held in Frank Almoign.

The Church and Tythe of Hugate were given by Ralph Paynel to the Abbey of St Mary's, York, and at the dissolution the patronage came to the Crown.

This Rectory is valued in the Kings Books, First fruits 15 . 0 . 0, Tenths 1 . 10 . 0, Procurations 0 . 7 . 6, Subsidies 1 . 6 . 0.
